FORTRESS OF PEACE & QUIET

The Children's Museum Tucson presents the "Fortress of Peace & Quiet" as a spot for parents and their children to momentarily step away from the energetic Comic-Con atmosphere. The space is thoughtfully designed to provide a calming ambiance, allowing visitors to decompress and rest before diving back into the exhilarating activities the convention has to offer.

This new space aims to provide a serene sensory zone for parents and young children attending Comic-Con to relax, decompress, and recharge for more adventure-filled activities. The Fortress of Peace and Quiet will offer dedicated areas for nursing parents, activities for young children, and a convenient baby changing station.

Location: Agate Room - Upper Level

INCLUSIVE QUIET ZONE

A safe and welcome space for people of different genders, cultures, faiths, races, sexualities and non-visible, non-apparent and accessibility needs to join up, build community and chill out.

Low stimulation Activities include:

- Coloring
- Toys/games (eg. legos)
- Breastfeeding/sensory reduction space
- Soundless video gaming.

Location: Panel Room 101
